Established in 1962, SECOM is recognized as Japan's first security services provider. Since then, the Company has strived to create services and systems that deliver safety and peace of mind, as well as make life more comfortable and convenient, whenever and wherever necessary, for anyone and everyone, and has pushed forward with efforts to realize its Social System Industry vision, which describes a framework of distinctive, integrated services and systems. Today, the business portfolio of SECOM, which comprises the parent company and the companies of the SECOM Group, encompasses security services, fire protection services, medical services, insurance services, geospatial information services, business process outsourcing and information and communications technology (BPO and ICT) services, and real estate and other services.

To accelerate the realization of its Social System Industry vision, in May 2017 SECOM formulated the SECOM Group's Vision for 2030. Guided by this vision, the Group is working to create the ANSHIN* Platform, a service infrastructure designed to provide peace of mind to people in their everyday lives, as well as to society as a whole. Through such efforts, we continue striving to grow together with society.

SECOM has also expanded outside Japan. Currently active in 17 countries and territories, the Group works to provide distinctively SECOM security services, fire protection services, medical services, geospatial information services, and BPO and ICT services customized to reflect local needs and sensibilities.

*ANSHIN is Japanese for "peace of mind."
