

Profile

SECOM was established in 1962 as Japan's first security services provider. Since then, the Company has sought to create pioneering services that benefit society as a whole, in line with its mission of helping achieve a society free from concerns.

Today, SECOM, comprising the parent company and the companies of the SECOM Group, boasts a business portfolio encompassing security services, fire protection services, medical services, insurance services, geospatial information services, business process outsourcing and information and communications technology (BPO and ICT) services, and other services. By striving to create services and systems that deliver safety and peace of mind, as well as make life more comfortable and convenient, whenever and wherever necessary, for anyone and everyone, the Company is working to realize its Social System Industry vision, which describes a framework of distinctive, integrated services and systems.

In this era of amplified uncertainties, to accelerate the realization of its Social System Industry vision, SECOM has formulated the SECOM Group's Vision for 2030. Guided by this vision, the Company is collaborating with partners who share its philosophy to create the *ANSHIN** Platform, a service infrastructure designed to provide peace of mind to people in their everyday lives, as well as to society as a whole, by resolving key social issues. Through these and other efforts, SECOM continues working to maximize its corporate value.

SECOM has also expanded outside Japan. Currently active in 17 countries and territories, the Group extends distinctively SECOM security services, fire protection services, medical services, geospatial information services, and BPO and ICT services customized to reflect local needs and sensibilities.

**ANSHIN* is Japanese for "peace of mind."
