Notes to Consolidated Financial Statements

SECOM CO., LTD. and Subsidiaries Three years ended March 31, 2021

1. Nature of Operations

The parent company and its subsidiaries (collectively "the Company") are engaged in the businesses of security services, fire protection services, medical services, insurance services, geospatial information services, BPO and ICT services, and real estate and other services. With these services combined, the Company is focusing on the establishment of a Social System Industry, a network of integrated services and systems, targeted at the needs of people and business.

The Company's principal business activities are security services, including on-line security systems for commercial and residential premises, static quard services, armored car services for cash collection and deposit and sales of security merchandise. The Company has also been diversifying its services covering: fire protection services, including automatic fire alarm systems and fire extinguishing systems; medical services, including home and other medical services and the operations of variable interest entities of which the Company is the primary beneficiary through managing hospitals and health care-related institutions; non-life insurance services; geospatial information services using geospatial information systems (GIS) and surveying and measuring technology; BPO and ICT services, including data center services, business continuity plan support, information security services and cloud-based services; as well as Business Process Outsourcing ("BPO") related services; real estate and other services, including the development and sale of condominiums equipped with security and contingency planning features, lease of real estate. construction and installation services and other services.

2. Significant Accounting Policies

The parent company and its Japanese subsidiaries maintain their records and prepare their statutory financial statements in accordance with accounting principles generally accepted in Japan ("Japanese GAAP"). Certain adjustments and reclassifications have been incorporated in the accompanying financial statements to conform with U.S. generally accepted accounting principles ("U.S. GAAP"). These adjustments were not recorded in the statutory books of account.

Significant accounting policies used in the preparation of the accompanying consolidated financial statements are summarized below:

(1) Basis of Consolidation and Investments in Affiliated Companies

The consolidated financial statements include the accounts of the parent company and those of its majority-owned subsidiaries. All significant intercompany transactions and balances have been eliminated in consolidation.

Investments in companies in which the ability to exercise significant influence exists (generally 20 to 50 percent owned companies), are accounted for under the equity method. Consolidated income includes the Company's current equity in the net income of affiliated companies, after elimination of intercompany profits.

(2) Consolidation of Variable Interest Entities

The consolidated financial statements also include variable interest entities ("VIEs") of which the Company is the primary beneficiary.

The Accounting Standards Codification ("ASC") 810, "Consolidation," issued by the Financial Accounting Standards Board ("FASB") requires the reporting entity to consolidate a variable interest entity ("VIE") as its primary beneficiary when it is deemed to have a controlling financial interest in a VIE, meeting both of the following characteristics:

- The power to direct activities of a VIE that most significantly impact the VIE's economic performance.
- The obligation to absorb losses of the VIE that could potentially be significant to the VIE or the right to receive benefits from the VIE that could potentially be significant to the VIE.

The Company provides investments, loans and guarantees to organizations managing hospitals and health care-related institutions, to a company holding real estate, and to a PFI (Private Finance Initiative) organization which was established to build, maintain and operate correctional facilities. Certain of these organizations are considered VIEs under ASC 810.

Total assets and liabilities held by VIEs of which the Company is the primary beneficiary were ¥89,539 million (\$806,658 thousand) and ¥98,588 million (\$888,180 thousand), respectively, at March 31, 2021, and ¥85,968 million and ¥94,807 million, respectively, at March 31, 2020. The creditors of VIEs do not have recourse to the Company's general credit with the exception of debts guaranteed by the Company. Total assets and liabilities held by VIEs of which the Company holds significant variable interests but is not the primary beneficiary were ¥27,610 million (\$248,739 thousand) and ¥24,882 million (\$224,162 thousand), respectively, at March 31, 2021, and ¥28,067 million and ¥25,738 million, respectively, at March 31, 2020. The Company's assets in the consolidated balance sheets and the Company's maximum exposure to losses related to VIEs at March 31, 2021 and 2020 were ¥8,804 million (\$79,315 thousand) and ¥7,273 million, respectively.

(3) Revenue Recognition

The Company recognizes revenue based on the following five steps in accordance with ASC 606, "Revenue from Contracts with Customers."

- Step 1: Identify the contract with a customer
- Step 2: Identify the performance obligations in the contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognize revenue when (or as) the entity satisfies a performance obligation

The Company generates revenue principally through the sales of merchandise and services in the areas of security services, fire protection services, medical services, insurance services, geospatial information services, BPO and ICT services, and real estate and other services under separate contractual arrangements.

Revenue from term service contracts, including security services, is recognized over the contractual period or, in the case of specific services, when such services are rendered. Subscribers are generally requested to prepay a portion of service charges, especially for security services, which are credited to deferred revenue and recognized in income ratably over the covered service period. Revenue from the installation of security equipment used to provide on-line centralized security services is deferred and recognized over the contractual period of security services after completion of the installation. The related installation costs are also deferred and amortized over the contractual period (Note 2 (13)).

The Company enters into arrangements with multiple elements, which may include any combination of security equipment, installation and security services. The Company allocates revenue to each element based on its relative fair value if such element meets criteria for treatment as a separate unit of accounting as prescribed in ASC 606, "Revenue from Contracts with Customers." Otherwise, revenue is deferred until the undelivered elements are fulfilled as a single unit of accounting.

Revenue from sales of merchandise and software is recognized when the merchandise and software are received by the customer and, in the case of installations, when such installations are completed.

Revenue from construction contracts is recognized on the basis of the progress of the performance obligation, which is mainly measured by input methods based on costs incurred.

Revenue from sales of real estate is recognized when the title of the real estate is transferred to the customer.

Excluding the aforementioned policy, the policies as specifically described hereinafter are applied for each of revenue items.

Property and casualty insurance premiums are earned ratably over the terms of the related insurance contracts. Unearned premiums are earned ratably over the terms of the unexpired portion of premiums written

Revenue from sales of equipment under sales-type leases is recognized at the inception of the lease. Unearned income on sales-type leases and direct-financing leases is recognized over the life of each respective lease using the interest method. Leases not qualifying as sales-type leases or direct-financing leases are accounted for as operating leases and the related revenue is recognized over the lease term.

Taxes collected from customers and remitted to governmental authorities on revenue-producing transactions are accounted for on a net basis and therefore are excluded from net sales and operating revenue in the consolidated statements of income.

(4) Foreign Currency Translation

All asset and liability accounts of foreign subsidiaries and affiliates are translated into Japanese yen at the rates of exchange in effect at year-end and all income and expense accounts are translated at average rates of exchange during the year. The resulting translation adjustments are accumulated and reported as part of other comprehensive income (loss).

Foreign currency receivables and payables of the Company are translated into yen at the rate in effect at the balance sheet date and the resulting translation gains and losses are credited or charged to foreign currency income/expenses for the year.

(5) Cash Equivalents

For the purpose of the consolidated statements of cash flows, the Company considers all highly liquid investments purchased with initial maturities of three months or less to be cash equivalents.

(6) Investments in Debt and Equity Securities

The Company classifies investments in debt and equity securities as "available-for-sale" or "held-to-maturity." The Company has no securities classified as "trading." "Held-to-maturity" securities are those securities in which the Company has the ability and intent to hold the security until maturity. All securities not included in "trading" or "held-to-maturity" are classified as "available-for-sale" securities. Marketable equity securities classified as "available-for-sale" are measured at fair value with unrealized gains and losses included in income. Marketable debt securities classified as "available-for-sale" are measured at fair value, and unrealized holding gains and losses are reported as part of accumulated other comprehensive income (loss), net of tax. Debt securities classified as "held-to-maturity" are reported at amortized cost.

A decline in the fair value of any marketable debt securities classified as "available-for-sale" below cost that is deemed to be other-thantemporary results in a reduction in the carrying amount to fair value. The impairment is charged to income and a new cost basis for the securities is established. To determine whether an impairment is other-than-temporary, the Company considers the length of time and extent to which the market value of the security has been less than its original cost, the financial condition, other specific factors affecting the market value, deterioration of the credit condition of the issuers, and whether or not the Company is able to retain the investment for a period of time sufficient to allow for the anticipated recovery in market value.

Realized gain or losses on the sale of marketable debt securities classified as "available-for-sale" are based on the moving-average cost method and are credited or charged to income.

Other investments in non-public companies, except for private equity investments, are recorded at cost as fair value is not readily determinable. The Company periodically evaluates the values of other investments in non-public companies for possible impairment by taking into consideration the financial and operating conditions of the issuer, the general market conditions in the issuer's industry and the period of the decline in the estimated fair value and other relevant factors. If the impairment is determined to be other-than-temporary, other investments in non-public companies are written down to their impaired value through a charge to income.

(7) Private Equity Investments

The Company accounts for private equity investments in accordance with ASC 946, "Financial Services—Investment Companies," in which investments are accounted for at fair value based on the Company's assessment of each underlying investment. The investments, by their nature, have little or no price transparency.

Investments are initially carried at cost as an approximation of fair value. Adjustments to carrying value are made if there is evidence of a change in fair value. Downward adjustments are also made, in the absence of third-party transactions, if it is determined that the expected realizable value of the investment has declined below the carrying value.

The carrying value of private equity investments was \$12,126 million (\$109,243 thousand) and \$10,366 million at March 31, 2021 and 2020, respectively.

Private equity investments are included in investment securities in the consolidated balance sheets.

(8) Inventories

Inventories, consisting of security-related products, fire protection-related products, real estate and other related products, are stated at the lower of cost. Cost is determined, in the case of real estate, based on the specific identification method and, in the case of other inventories, primarily using the moving-average method.

(9) Allowance for Doubtful Accounts

The Company recognizes an allowance for doubtful accounts to ensure trade, short-term and long-term receivables, and other receivables are not overstated due to uncollectibility. Allowance for doubtful accounts is maintained for all customers based on a variety of factors, including the length of time receivables are past due, macroeconomic conditions, significant one-time events and historical experience. An additional reserve for individual accounts is recorded when the Company becomes aware of a customer's inability to meet its financial obligations, such as in the case of bankruptcy filings or deterioration in the customer's operating results or financial position. If circumstances related to customers change, estimates of the recoverability of receivables would be further adjusted.

(10) Deferred Insurance Acquisition Costs

Costs that vary with and are primarily related to acquiring new insurance policies are deferred and amortized principally over the premium-paying period of the related insurance policies applying a percentage relationship of cost incurred to premiums from contracts issued to applicable unearned premiums throughout the period of the contract.

(11) Property, Plant and Equipment and Depreciation

Property, plant and equipment, including significant leasehold improvements, are carried at cost and depreciated at rates based on the estimated useful lives of the assets. Depreciation is computed using the straight-line method for assets other than security equipment and control stations. Security equipment and control stations are depreciated using the declining-balance method. Assets leased to others under operating leases are depreciated using the straight-line method over the estimated useful lives. Depreciation expense was ¥57,067 million (\$514,117 thousand), ¥55,498 million and ¥54,474 million for the years ended March 31, 2021, 2020 and 2019, respectively. Maintenance, repairs and renewals are charged to income as incurred.

The estimated useful lives of depreciable assets are as follows:

Buildings 33 to 50 years

Security equipment and control stations 5 to 8 years

Machinery, equipment and automobiles 2 to 20 years

The Company recognizes asset retirement obligations if the fair value of the obligations can be reasonably estimated. Asset retirement obligations include those for which an entity has a legal obligation to perform an asset retirement activity, however, the timing and/or method of settling the obligation are conditional on a future event that may or may not be within the control of the entity.

Performance of a contractual asset retirement obligation is required for the building leased by a certain subsidiary when the lease matures and the Company returns the leased building to its owner. However, the Company plans not to relocate from the building and to continue to use it until it will be demolished without restoration. As such, the execution of such obligation is not expected. The Company evaluated all the available evidence as of March 31, 2018 and performed efforts to establish the best estimate. However, the scope and the amount of execution of the obligation cannot be reasonably estimated. Therefore, an asset retirement obligation for that building lease is not recognized.

(12) Leases as lessee

The Company recognizes a right of use asset and a lease liability at the lease commencement date, for finance leases and operating leases.

Some of the contracts include options to extend or to terminate the lease. The Company take such options into consideration in order to determine the lease term when it is reasonably certain that it will exercise these options. The Company use their incremental borrowing rate based on the information available at commencement to determine the present values of lease payments. The incremental borrowing rate is the rate of interest that the Company would have to pay to borrow.

(13) Short-Term Deferred Charges and Long-Term Deferred Charges

Short-term deferred charges and long-term deferred charges primarily consist of costs related to installation services of security equipment used to provide on-line security systems. The installation costs are deferred and amortized using the straight-line method over the contractual period of security services after completion of the installation. Amortization expense was ¥10,553 million (\$95,072 thousand), ¥11,080 million and ¥10,310 million for the years ended March 31, 2021, 2020 and 2019, respectively.

All of costs related to installation services of security equipment used to provide on-line security systems belong to deferred charges (other assets) until the year ended March 31, 2020. The Company classifies the cost by length of amortize period, and the costs to be amortized within one year is included short-term deferred charges (current assets) in the fiscal year ended March 31, 2021. As a result, deferred charges to be amortized within one year amounting ¥8,612 million have

been reclassified to short-term deferred charges (current assets) from deferred charges (other assets) in the balance sheet for the year ended March 31, 2020.

(14) Impairment or Disposal of Long-Lived Assets

In accordance with ASC 360, "Property, Plant and Equipment," the Company reviews the carrying amount of its long-lived assets held and used, other than goodwill and intangible assets with indefinite lives, and assets to be disposed of, whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. Long-lived assets to be held and used are reviewed for impairment by comparing the carrying amount of the assets with their estimated future undiscounted cash flows. If it is determined that an impairment loss has occurred, the loss would be recognized during the period, and calculated as the difference between the assets' carrying amount and the fair value. Long-lived assets that are to be disposed of other than by sale are considered held and used until they are disposed of. Longlived assets that are to be disposed of by sale are reported at the lower of their carrying amount or fair value less cost to sell. Reductions in the carrying amount are recognized in the period in which the longlived assets are classified as held for sale.

(15) Goodwill and Other Intangible Assets

Goodwill represents the excess of costs over the fair value of assets of business acquired. Pursuant to ASC 350, "Intangibles—Goodwill and Other," goodwill and intangible assets acquired in a purchase business combination and determined to have an indefinite useful life are not amortized, but instead tested for impairment at least annually. This accounting standard also requires that intangible assets with estimable useful lives be amortized over their respective estimated useful lives to their estimated residual values, and reviewed for impairment in accordance with ASC 360. The Company conducts its annual impairment test each fiscal year.

(16) Unearned Premiums and Other Insurance Liabilities

Unearned premiums are related to unexpired periods of insurance contracts and are earned on a pro-rata basis over the remaining contract period. Other insurance liabilities consist principally of liabilities for unpaid claims and adjustment expenses, which are estimates of payments to be made on reported claims and incurred but not reported claims, which are computed based on past experience for unpaid losses.

(17) Income Taxes

Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases, and operating loss carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences and carryforwards are expected to be realized or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. Valuation allowances are recorded to reduce deferred tax assets when it is more likely than not that a tax benefit will not be realized.

The Company recognizes in the consolidated financial statements the impact of a tax position, if any, based on the technical merits of the position, when that position is more likely than not to be sustained upon examination. The benefit of the tax position is measured at the largest amount of benefit that has greater than 50 percent likelihood of being realized upon settlement with the appropriate tax authority.

The Company recognizes interest and penalties accrued related to unrecognized tax benefits in income taxes in the consolidated statements of income.

(18) Research and Development

Research and development costs are charged to income as incurred. Research and development expenses included in selling, general and administrative expenses for the years ended March 31, 2021, 2020 and 2019 were \pm 8,034 million (\$72,378 thousand), \pm 7,428 million and \pm 7,345 million, respectively.

(19) Advertising Costs

Advertising costs are charged to income as incurred, except for the costs related to insurance policies. Advertising costs for acquiring new insurance policies are deferred and amortized as part of insurance acquisition costs. Advertising expenses included in selling, general and administrative expenses for the years ended March 31, 2021, 2020 and 2019 were $\pm 4,462$ million ($\pm 40,198$ thousand), $\pm 5,740$ million and $\pm 5,374$ million, respectively.

(20) Shipping and Handling Costs

Shipping and handling costs included in selling, general and administrative expenses for the years ended March 31, 2021, 2020 and 2019 were $\pm 1,317$ million ($\pm 11,865$ thousand), $\pm 1,482$ million and $\pm 1,430$ million, respectively.

(21) Derivative Financial Instruments

The Company accounts for derivative financial instruments in accordance with ASC 815, "Derivatives and Hedging."

The Company recognizes all derivative financial instruments in the consolidated financial statements at fair value regardless of the purpose or intent for holding them. Changes in the fair value of derivative financial instruments are either recognized periodically in income or in equity as a component of accumulated other comprehensive income (loss) depending on whether the derivative financial instruments qualify for hedge accounting, and if so, whether they qualify as a fair value hedge or a cash flow hedge. Changes in the fair values of derivative financial instruments accounted for as a fair value hedge are recorded in income along with the portion of the change in the fair value of the hedged item that relates to the hedged risk. Changes in the fair value of derivative financial instruments accounted for as a cash flow hedge, to the extent it is effective as a hedge, are recorded in accumulated other comprehensive income (loss), net of tax. Changes in the fair value of derivative financial instruments not qualifying as a hedge are reported in income.

The Company meets the documentation requirements necessary for effective hedges which include the risk management objective and strategy for undertaking various hedge transactions. In addition, formal assessment is made at inception of the hedge and periodically on an on-going basis, as to whether the derivatives used in hedging activities are highly effective in offsetting changes in fair values or cash flows of hedged items. Hedge accounting is discontinued for ineffective hedges, if any. Changes in fair value of discontinued hedges are recognized in income.

(22) Per Share Data

Basic Earnings per Share ("EPS") is computed based on the average number of shares of common stock outstanding for the period. The average number of shares of common stock outstanding was 218,261 thousand shares for the years ended March 31, 2021, 2020 and 2019.

There were no potentially dilutive shares outstanding during the years ended March 31, 2021, 2020 or 2019.

Cash dividends per share shown in the accompanying consolidated statements of income are computed based on dividends approved and paid in each fiscal year.

(23) Use of Estimates

The preparation of the consolidated financial statements requires management of the Company to make a number of estimates and assumptions relating to the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the carrying amounts of inventories, deferred insurance acquisition costs, investment securities, other investments, property, plant and equipment, goodwill, other intangible assets, unearned premiums and other insurance liabilities, valuation of receivables, valuation allowances for deferred income taxes, valuation of derivative instruments, assets and obligations related to employee benefits, asset retirement obligations, income tax uncertainties, and other contingencies.

(24) Recent Pronouncements

In June 2016, the FASB issued ASU No. 2016-13, "Measurement of Credit Losses on Financial Instruments." This accounting standard replaces the current incurred loss methodology that delays recognition of the full amount of credit losses until the loss was probable of occurring with a methodology that reflects expected credit losses and requires consideration of a broader range of reasonable and supportable information to inform credit loss estimates. This accounting standard was originally planned to be effective for fiscal years beginning after December 15, 2020, however, in November 2019, the FASB issued ASU No. 2019-10. "Effective Dates." which defers the effective date of ASU No. 2016-13 for public entities excluding Securities and Exchange Commission (SEC) filers for two years. Therefore, this accounting standard is effective for fiscal years beginning after December 15, 2022, including interim periods within that reporting period, and will be adopted by the Company in the fiscal year beginning April 1, 2023. The Company is currently evaluating the effect of adopting this accounting standard on its consolidated financial statements.

In January 2017, the FASB issued ASU No. 2017-04, "Simplifying the Test for Goodwill Impairment." This accounting standard eliminates Step 2 from the goodwill impairment test. Instead, the amendments require an entity to perform its annual, or interim, goodwill impairment test by comparing the fair value of a reporting unit with its carrying amount and recognize an impairment charge for the amount by which the carrying amount exceeds the reporting unit's fair value. This accounting standard is effective for fiscal years beginning after December 15, 2020, including interim periods within that reporting period, and will be adopted by the Company in the fiscal year beginning April 1, 2021. The Company is currently evaluating the effect of adopting this accounting standard on its consolidated financial statements.

In August 2018, the FASB issued ASU No. 2018-12, "Targeted Improvements to the Accounting for Long-Duration Contracts." This accounting standard changes the recognition, measurement, presentation and disclosure requirements for long duration contracts. This accounting standard was originally planned to be effective for fiscal years beginning after December 15, 2020, however, in November 2019,

the FASB issued ASU No. 2019-09, "Effective Dates." which defers the effective date of ASU No. 2018-12 for public entities excluding Securities and Exchange Commission (SEC) filers for three years. Therefore, this accounting standard is effective for fiscal years beginning after December 15, 2023, and interim periods within fiscal years beginning after December 15 2024, and will be adopted by the Company in the fiscal year beginning April 1, 2024. The Company is currently evaluating the effect of adopting this accounting standard on its consolidated financial statements.

In August 2018, the FASB issued ASU No. 2018-13, "Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement." This accounting standard adds to, removes and modifies the disclosure requirements for fair value measurements. This accounting standard is effective for fiscal years beginning after December 15, 2019, and was adopted by the Company in the fiscal year beginning April 1, 2020. As this accounting standard is a provision for presentation only, the adoption did not have an impact on the Company's consolidated financial statements.

In August 2018, the FASB issued ASU No. 2018-14, "Disclosure Framework—Changes to the Disclosure Requirements for Defined Benefit Plans." This accounting standard adds to, removes and clarifies the disclosure requirements for defined benefit pension or other post-retirement plans. This accounting standard is effective for fiscal years ending after December 15, 2020, and was adopted by the Company in the fiscal year beginning April 1, 2020. As this accounting standard is a provision for presentation only, the adoption did not have an impact on the Company's consolidated financial statements.

(25) Discontinued Operations

ASC 205-20, "Discontinued Operations," requires the operating results of any component of an entity with its own identifiable operations and cash flows which is disposed of or is classified as held for sale, and with which the Company will not have significant continuing involvement to be reported in discontinued operations. The results of operations related to certain businesses classified as discontinued operations in the years ended March 31, 2021, 2020 and 2019 were reclassified in the accompanying consolidated financial statements.

(26) Reclassifications

Certain amounts in the accompanying consolidated financial statements for the years ended March 31, 2020 and 2019 have been reclassified to conform to the presentation used for the year ended March 31, 2021. Lump-sum payments of residences for seniors were presented as guarantee deposits received (long-term liabilities) until March 31, 2020. The Company has changed its presentation, and the lump-sum payments are included as long-term deferred revenue (long-term liabilities) as of March 31, 2021. As a result, lump-sum payments amounting to ¥8,204 million have been reclassified to long-term deferred revenue (long-term liabilities) from guarantee deposits received (long-term liabilities) in the balance sheet as of March 31, 2020.

3. U.S. Dollar Amounts

U.S. dollar amounts have been included in these financial statements solely for the convenience of the reader. The translations of yen into U.S. dollars have been made at the rate of ¥111=US\$1, the approximate rate prevailing on the Tokyo Foreign Exchange Market on March 31, 2021. These translations should not be construed as representing that the yen amounts actually constitute, or have been or could be converted into U.S. dollars at that rate.

4. Acquisitions

Acquisition of ADT SERVICES (M) SDN. BHD.

On September 1, 2020, the Company acquired 100% of common shares outstanding of ADT SERVICES (M) SDN. BHD. for \pm 5,113 million (\$46,063 thousand) in cash. The purpose of this acquisition is to increase corporate value through further accelerating the expansion of security business overseas.

The following table summarizes the estimated fair values of the assets acquired and liabilities assumed at the date of acquisition.

| | In millions of yen | In thousands of U.S. dollars |
|--|--------------------|------------------------------|
| Cash and cash equivalents | ¥ 486 | \$ 4,378 |
| Cash deposits for armored car services | 118 | 1,063 |
| Other current assets | 61 | 550 |
| Investments and long-term receivables | 25 | 225 |
| Property, plant and equipment | 68 | 613 |
| Intangible assets, including goodwill | 4,475 | 40,315 |
| Total assets acquired | 5,233 | 47,144 |
| Current liabilities | 105 | 946 |
| Long-term liabilities | 15 | 135 |
| Total liabilities assumed | 120 | 1,081 |
| Net assets acquired | ¥5,113 | \$46,063 |

The goodwill of $\pm 4,475$ million ($\pm 40,315$ thousand) represents expected excess earnings power based on the future business operations. It is not deductible for tax purposes and has been assigned to the Security services segment.

The Company recorded the acquisition costs of ¥15 million (\$135 thousand) related to this acquisition in selling, general and administrative expenses for the year ended March 31, 2021.

Acquisition of ADT Integrated Security Solutions PTE. LTD.

On October 1, 2020, the Company acquired 100% of common shares outstanding of ADT Integrated Security Solutions PTE. LTD. for \$1,717 million (\$15,468 thousand) in cash. The purpose of this acquisition is to increase corporate value through further accelerating the expansion of security business overseas.

The following table summarizes the estimated fair values of the assets acquired and liabilities assumed at the date of acquisition.

| | In millions of yen | In thousands of U.S. dollars |
|--|--------------------|------------------------------|
| Cash and cash equivalents | ¥ 148 | \$ 1,333 |
| Cash deposits for armored car services | 52 | 468 |
| Other current assets | 16 | 145 |
| Property, plant and equipment | 19 | 171 |
| Intangible assets, including goodwill | 1,577 | 14,207 |
| Total assets acquired | 1,812 | 16,324 |
| Current liabilities | 95 | 856 |
| Total liabilities assumed | 95 | 856 |
| Net assets acquired | ¥1,717 | \$15,468 |

The goodwill of $\pm 1,567$ million (\$14,117 thousand) represents expected excess earnings power based on the future business operations. It is not deductible for tax purposes and has been assigned to the Security services segment.

The Company recorded the acquisition costs of ¥11 million (\$99 thousand) related to this acquisition in selling, general and administrative expenses for the year ended March 31, 2021.

Acquisition of ADT Alarm Monitoring Hong Kong Limited

On February 5, 2021, the Company acquired 100% of common shares outstanding of ADT Alarm Monitoring Hong Kong Limited for $\pm 1,377$ million ($\pm 12,405$ thousand) in cash and accounts payable. The purpose of this acquisition is to increase corporate value through further accelerating the expansion of security business overseas.

The following table summarizes the estimated fair values of the assets acquired and liabilities assumed at the date of acquisition.

| | In millions of yen | In thousands of U.S. dollars |
|--|--------------------|------------------------------|
| Cash and cash equivalents | ¥ 172 | \$ 1,550 |
| Cash deposits for armored car services | 47 | 423 |
| Other current assets | 6 | 54 |
| Intangible assets, including goodwill | 1,263 | 11,378 |
| Total assets acquired | 1,488 | 13,405 |
| Current liabilities | 111 | 1,000 |
| Total liabilities assumed | 111 | 1,000 |
| Net assets acquired | ¥1,377 | \$12,405 |

The goodwill of $\pm 1,263$ million ($\pm 11,378$ thousand) represents expected excess earnings power based on the future business operations. It is not deductible for tax purposes and has been assigned to the Security services segment.

The Company recorded the acquisition costs of \$24 million (\$216 thousand) related to this acquisition in selling, general and administrative expenses for the year ended March 31, 2021.

5. Cash and Cash Equivalents

| | In m | illions of yen | In thousands of U.S. dollars |
|-----------------------|----------|----------------|------------------------------|
| | | March 31 | March 31 |
| | 2021 | 2020 | 2021 |
| Cash | ¥488,773 | ¥400,286 | \$4,403,360 |
| Time deposits | 13,068 | 13,024 | 117,730 |
| Call loans | _ | _ | _ |
| Investment securities | 360 | 1,358 | 3,243 |
| | ¥502,201 | ¥414,668 | \$4,524,333 |

Investment securities include negotiable certificates of deposit and money management funds. These agreements mature within three months and their carrying values approximate fair value. The Company has not experienced any losses through default of the financial institutions and does not anticipate default of any outstanding agreements.

6. Cash Deposits for Armored Car Services

The Company operates cash collection and deposit services for financial institutions relating to cash dispensers located outside of financial institution facilities and also operates cash collection and delivery services for entities other than financial institutions. Cash deposit for armored car services balances are segregated from cash and cash equivalents and are restricted as to use by the Company. The Company funds most of the cash for such operations through bank overdrafts and deposits. Bank loans and deposits received, which relate to these operations, were ¥19,516 million (\$175,820 thousand) and ¥119,334 million (\$1,075,081 thousand), respectively, at March 31, 2021, and ¥22,565 million and ¥118,302 million, respectively, at March 31, 2020. As part of its fee arrangement, the Company is reimbursed for the interest cost of the related overdrafts.

7. Short-Term Investments and Investment Securities

Short-term investments (current) and investment securities (noncurrent) include debt and equity securities. The related aggregate fair value, gross unrealized gains, gross unrealized losses and costs pertaining to "available-for-sale" and "held-to-maturity" investments at March 31, 2021 and 2020 are as follows:

| March 31, 2021 and 202 | 0 a | re as follov | NS: | | | | | |

| | Fair value | Gross unrealized losses | Fair value | Gross unrealized losses | | | | |
| Available-for-sale: Debt securities | \$46,973 | \$387 | \$— | \$— | | | | |
| Held-to-maturity: | | | | | | | | |

Based on the Company's ability and intent to hold the investments for a reasonable period of time sufficient for a recovery of fair value, the credit condition of the issuers and other relevant factors, the Company does not consider these investments to be other-than-temporarily impaired at March 31, 2021.

At March 31, 2021, debt securities principally consisted of short-term investments in monetary trusts, Japanese government bonds, corporate bonds, U.S. treasury securities and U.S. Government Agency Bonds.

The cost and fair value of "available-for-sale" and "held-to-maturity" debt securities by contractual maturity at March 31, 2021 are as follows:

| | | | In m | nillions of yen | | | |
|---------------------------------------|----------|----------------|---------------|-----------------|--|--|--|
| | | | March 31, 202 | | | | |

Proceeds from the sale of "available-for-sale" securities for the years ended March 31, 2021, 2020 and 2019 were ¥51,977 million (\$468,261 thousand), ¥35,559 million and ¥11,603 million, respectively. On those sales, the gross realized gains and gross realized losses, using a moving-average cost basis, for the years ended March 31, 2021, 2020 and 2019 are as follows:

| | | In milli | ons of yen | In thousands of U.S. dollars |
|-----------------------|--------|----------|-----------------------|------------------------------|
| | | Ye | ars ended March 31 | Year ended March 31 |
| | 2021 | 2020 | 2019 | 2021 |
| Gross realized gains | ¥1,006 | ¥1,354 | ¥1,457 | \$9,063 |
| Gross realized losses | 121 | 273 | 53 | 1,090 |

The Company maintains long-term investment securities, issued by a number of non-public companies, included as investment securities in the consolidated balance sheets. The aggregate carrying amount of the investments in non-public companies, at cost net of other-than-temporary impairment, was ¥13,098 million (\$118,000 thousand) and ¥11,911 million at March 31, 2021 and 2020, respectively. The corresponding fair value at that date was not computed as such estimation was not practicable and no significant events or changes that might have affected the fair value of the investments were observed.

8. Inventories

Inventories at March 31, 2021 and 2020 comprise the following:

| | In mil | lions of yen | In thousands of U.S. dollars |
|----------------------------------|---------|--------------|------------------------------|
| | | March 31 | March 31 |
| | 2021 | 2020 | 2021 |
| Security-related products | ¥ 9,513 | ¥ 9,123 | \$ 85,703 |
| Fire protection-related products | 11,786 | 11,422 | 106,179 |
| Real estate | 187 | 26,738 | 1,685 |
| Other-related products | 10,298 | 9,014 | 92,775 |
| | ¥31,784 | ¥56,297 | \$286,342 |

Work in process for real estate inventories at March 31, 2020, amounting to \$21,807 million, is included in real estate. Work in process for real estate inventories at March 31, 2021, is no longer accounted.

The amount of write-down on real estate inventories included in cost of sales for the years ended March 31, 2021, 2020 and 2019 were ¥20 million (\$180 thousand), ¥66 million and ¥580 million, respectively.

9. Credit Quality of Financing Receivables and Allowance for Doubtful Accounts

The Company has financing receivables and classifies them into four categories: "lease receivables," "loans receivable resulting from medical services," "other loans receivable" and "other." Financing receivables classified as "lease receivables" are resulting from lease transactions of security merchandise and security systems.

The Company continuously monitors overdue financing receivables which, the Company considers, have a risk of uncollectability. For financing receivables with specific customer collection issues, the Company individually evaluates their collectability in order to determine the amount of allowance for doubtful accounts. For other financing receivables, the Company categorizes these receivables into groups by their nature and characteristics. The Company collectively evaluates the collectability of each group, using its historical experience of write-offs and determines the amount of allowance for doubtful accounts.

Financing receivables and allowance for doubtful accounts at March 31, 2021 and 2020 are as follows:

| | | | | | | | | In mill | ions | of yen |
|--|----------------------|-----------------|----------|-----------------|------------------------------|------------------------|-------|-------------------------------|------|------------------------------|
| | | | | | | Year | ende | d Marc | h 31 | , 2021 |

The Company considers receivables are past due and the financial position of the debtor to be credit quality indicators and classifies financing receivables into Overdue and Current. Financing receivables determined to have no prospects for collecting contractual interest on the basis of being past due and other factors are placed on nonaccrual status.

The aging analysis of the recorded financing receivables and financing receivables on nonaccrual status at March 31, 2021 and 2020 are as follows:

| | In millions of yen | | | | | | | | | | |

The Company's equity in undistributed income of affiliates at March 31, 2021 and 2020 included in retained earnings was ¥43,731 million (\$393,973 thousand) and ¥41,752 million, respectively.

11. Long-Lived Assets

The Company has assessed the potential impairment of its long-lived assets. As a result of a significant decrease in revenue forecasts, the Company principally recognized impairment losses on certain business assets of the BPO and ICT services segment for the year ended March 31, 2021, on certain business assets of the BPO and ICT services segment for the year ended March 31, 2020, and on certain business assets of the geospatial information services segment for the year ended March 31, 2019. The fair value was determined based on the estimated present value of future cash flows or appraisal value.

Impairment losses on long-lived assets by business segment for the years ended March 31, 2021, 2020 and 2019 are as follows:

| | | In millio | ns of yen | In thousands of U.S. dollars |
|---------------------------------|----------|------------|-----------------------|---------------------------------|

| Unamortized intangible assets | 5 | 45,369 | \$ | _ | \$ 45,369 |

Aggregate amortization expense for the years ended March 31, 2021, 2020 and 2019 was ¥11,096 million (\$99,964 thousand), ¥10,996 million and ¥10,516 million, respectively. Amortized intangible assets are amortized using the straight-line method over their estimated useful lives. The weighted average amortization period for internal use software is approximately five years.

The estimated aggregate amortization expense for intangible assets for the next five years is as follows:

| Years ending March 31 | In millions of yen | In thousands of U.S. dollars |
|-----------------------|--------------------|---------------------------------|
| 2022 | ¥11,389 | \$102,604 |

| losses Translation | (50,991) | | - | - | - | _ | (50,991) |
| GoodwillAccumulated | (2,071) 650,875 | 19,117 | 84,675 | 34,730 | 316,343 | 16,459 | 1,122,199 |
| impairment losses March 31, 2021 | | | (48,297) \$36,378 | (1,721) \$33,009 | (1,577) \$314,766 | _ \$16,459 | (131,694) \$ 990,505 |

Impairment losses on goodwill recognized in the above table are mainly due to decreases in the estimated fair value of reporting units in each segment mainly caused by decreases in projected cash flows. The fair value is determined based on the estimated present value of future cash flows.

13. Bank Loans and Long-Term Debt

Bank loans of ¥33,852 million (\$304,973 thousand) and ¥39,002 million at March 31, 2021 and 2020, respectively, are generally comprised of 30 to 365 day notes. The weighted average interest rate was 0.73 percent and 1.19 percent at March 31, 2021 and 2020, respectively. Substantially all of these loans are borrowed from banks. The Company has entered into basic agreements with these banks which state that, with respect to all present or future loans with such banks, collateral (including sums on deposit with such banks) or guarantors shall be provided immediately upon request. Further, any collateral furnished pursuant to such agreements or otherwise will be applicable to all indebtedness to such banks. The Company has not been requested to submit such additional security.

At March 31, 2021, Nohmi Bosai Ltd. and Arai & Co., Ltd., subsidiaries of the parent company, had an unused committed line of credit from a short-term arrangement of ¥4,890 million (\$44,054 thousand). The line of credit expires in March 2026. Under the agreement, Nohmi Bosai Ltd. is required to pay commitment fees, at an annual rate of 0.15 percent, on the unused portion of the line of credit. The line of credit expires in April 2041. Under the agreement, Arai & Co., Ltd. is required to pay commitment fees, at an annual rate of 0.55 percent and Japanese yen one month Tokyo Interbank Offered Rate (tibor), on the unused portion of the line of credit.

At March 31, 2021, the Company had overdraft agreements with 33 banks and its unused lines of credit amounted to ¥70,730 million (\$637,207 thousand). The Company incurs no fee on the unused portion of these overdraft agreements. The overdraft agreements expire in the period from April 2021 to March 2022. The Company has the ability and intent to extend these overdraft agreements under similar terms and conditions.

Long-term debt at March 31, 2021 and 2020 comprises the following:

| | In mill | lions of yen | In thousands of U.S. dollars |
|---|--------------------|--------------------|------------------------------|
| | | March 31 | March 31 |

14. Insurance-Related Operations

Secom General Insurance Co., Ltd. ("Secom Insurance"), a subsidiary of the parent company, maintains accounting records as noted in Note 2 in accordance with Japanese GAAP, which vary in certain respects from U.S. GAAP. Those differences are principally, (a) that insurance acquisition costs are charged to expense when incurred under Japanese GAAP whereas under U.S. GAAP, those costs are deferred and amortized generally over the premium-paying period of the insurance policies, (b) that liabilities related to incurred but not reported claims are computed based on related regulations in Japan whereas under U.S. GAAP, those liabilities are computed based on past experience for unreported losses, and (c) that unearned premiums are calculated based on the documents authorized by the Supervisory Authorities in Japan whereas under U.S. GAAP, unearned premiums are reflected based on the lapse and surrender over the contract period.

In addition, under certain property and casualty insurance contracts with a refund clause and long-term insurance policies that provide refunds at maturity, such as personal accident and fire, the policyholder receives a refund if premiums have been fully paid unless a substantial settlement (as defined in the policy) has occurred. The Company has provided for such refundable amounts by classifying a portion of the net premiums written, together with interest thereon, as investment deposits by policyholders. Contract and policy terms are principally five years.

For purposes of preparing the consolidated financial statements, appropriate adjustments have been made to reflect such items in accordance with U.S. GAAP.

The net equity of Secom Insurance at March 31, 2021 and 2020 was ¥74,111 million (\$667,667 thousand) and ¥67,850 million, respectively.

Net sales and operating revenue of Secom Insurance include net realized investment gains and losses, including gains and losses on sales of securities, losses on other-than-temporary impairment of investment securities and impairment losses on long-lived assets.

Net realized investment gains and losses, including losses on other-than-temporary impairments, for the years ended March 31, 2021, 2020 and 2019 were gains of ¥7,654 million (\$68,955 thousand), and losses of ¥4,136 million, and losses of ¥4,016 million, respectively. Gains and losses on other-than-temporary impairments of investment securities for the years ended March 31, 2021, 2020 and 2019 were gains of ¥6,848 million (\$61,694 thousand), and losses of ¥4,802 million and ¥5,032 million, respectively.

15. Pension and Severance Costs

Employees of the parent company and its domestic subsidiaries whose services are terminated are, under most circumstances, eligible for lump-sum benefits and/or eligible for pension benefits.

The parent company and certain domestic subsidiaries have adopted a cash balance pension plan and a defined contribution pension plan. Benefits under the cash balance pension plan are calculated as a certain percentage of employees' annual income over their period of service, plus interest calculated as the 3-year average yield for 10-year government bonds. The defined contribution pension plan was established in April 2003, by transferring a portion equivalent to 20 percent of the cash balance pension plan, including portions funded in prior periods. A specified percentage of employees' annual income is contributed to the defined contribution pension plan.

In April 2005, the parent company and certain domestic subsidiaries transferred an additional portion of the cash balance pension plan to the defined contribution pension plan. Accordingly, the ratio of the accumulated amount in the cash balance pension plan and the amount of contributions to the defined contribution pension plan changed to 70 percent and 30 percent, including portions funded in prior periods.

Net periodic pension and severance costs for the years ended March 31, 2021, 2020 and 2019 are as follows.

The service cost component of net periodic pension cost and severance cost for the Company's cash balance pension plan is included in cost of sales and selling, general and administrative expenses in the consolidated statements of income. The components other than the service cost component are included in other income in the consolidated statements of income.

| Net amount recognized | ¥ 9,664 | ¥ 397 | \$ 87,063 |

Other changes in plan assets and benefit obligations recognized in other comprehensive income (loss) for the year ended March 31, 2021 are summarized as follows:

| | In millions of yen | In thousands of U.S. dollars |
|--|---------------------------|--------------------------------|
| Current year actuarial gain Amortization of actuarial loss Amortization of prior service benefit | (¥5,928) (429) (25) | (\$53,405) (3,865) (225) |
| | (¥6,382) | (\$57,495) |

Amounts recognized in accumulated other comprehensive income (loss) at March 31, 2021 and 2020 consist of:

| | In mil | lions of yen | In thousands of U.S. dollars |
|-----------------------|--------|--------------|------------------------------|
| | | March 31 | |
| | 2021 | 2020 | 2021 |
| Actuarial loss | ¥3,318 | ¥9,675 | \$29,892 |
| Prior service benefit | 223 | 248 | 2,009 |
| Net amount recognized | ¥3,541 | ¥9,923 | \$31,901 |

The accumulated benefit obligation for the pension plan was $\pm 123,909$ million ($\pm 1,116,297$ thousand) and $\pm 118,612$ million at March 31, 2021 and 2020, respectively.

The projected benefit obligation, accumulated benefit obligation and fair value of plan assets for the pension plans with projected benefit obligation and accumulated benefit obligation in excess of plan assets were ¥52,976 million (\$477,261 thousand), ¥53,088 million (\$478,270 thousand) and ¥24,200 million (\$218,018 thousand), respectively, at March 31, 2021, and ¥52,018 million, ¥51,714 million and ¥22,071 million, respectively, at March 31, 2020.

The Company uses March 31 as the measurement date for the domestic pension plan.

Weighted-average assumptions used to determine the benefit obligation at March 31, 2021 and 2020 are as follows:

| | N | March 31 |
|--|------|----------|
| | 2021 | 2020 |
| Discount rate | 0.4% | 0.4% |
| Rate of compensation increase | 2.5% | 2.5% |
| Interest crediting rate for cash balance plans | 0.1% | 5.5% |

Weighted-average assumptions used to determine net pension and severance costs for the years ended March 31, 2021, 2020 and 2019 are as follows:

| | Years ended March 31 | | |
|--|----------------------|------|------|
| | 2021 | 2020 | 2019 |
| Discount rate | 0.4% | 0.3% | 0.4% |
| Expected return on plan assets | 3.0% | 3.0% | 3.0% |
| Rate of compensation increase | 2.5% | 2.2% | 2.6% |
| Interest crediting rate for cash balance plans | 0.1% | 5.5% | 4.3% |

The Company determines the expected long-term rate of return based on the expected long-term return of the various asset categories in which it invests. The Company considers the current expectations for future returns and the actual historical returns of each plan asset category.

The Company's investment policy is designed to ensure that sufficient plan assets are available to provide future payments of pension benefits to the eligible plan participants. Plan assets set target allocations for the individual asset categories and are invested primarily in equity and debt securities, and other assets such as real estate with the objective to minimize risk and achieve the expected rate of return. The investment results are periodically checked and asset allocation is adjusted to target allocations as necessary.

The following table represents the fair value of the Company's pension plan assets at March 31, 2021 and 2020. The three levels of inputs used to measure fair value are more fully described in Note 22.

The Company expects to contribute $\pm 5,822$ million (\$52,450 thousand) to its domestic defined benefit plans in the year ending March 31, 2022.

The following benefit payments, which reflect future service, as appropriate, are expected to be paid.

| Years ending March 31 | In millions of yen | In thousands of U.S. dollars |
|-----------------------|--------------------|---------------------------------|
| 2022 | ¥ 5,891 | \$ 53,072 |
| 2023 | 6,326 | 56,991 |
| 2024 | 6,583 | 59,306 |
| 2025 | 6,383 | 57,505 |
| 2026 | 6,307 | 56,820 |
| 2027–2031 | 35,021 | 315,505 |

The parent company and certain subsidiaries have defined contribution pension plans. The contributions to the defined contribution pension plans for the years ended March 31, 2021, 2020 and 2019 were ¥2,276 million (\$20,505 thousand), ¥2,127 million and ¥1,963 million, respectively.

16. Exchange Gains and Losses

Other expenses for the years ended March 31, 2021, 2020 and 2019 includes net exchange losses of \$243 million (\$2,189 thousand), \$484 million and \$169 million, respectively.

17. Income Taxes

Total income taxes for the years ended March 31, 2021, 2020 and 2019 are allocated as follows:

| | | In milli | ions of yen | In thousands of U.S. dollars |
|--|----------------|----------|------------------------|---------------------------------|
| | | Υє | Year ended March 31 | |

The valuation allowance principally relates to deferred tax assets of subsidiaries with operating loss carryforwards, for tax purposes, that are not expected to be realized. The net change in the total valuation allowance for the years ended March 31, 2021, 2020 and 2019 was a decrease of $\pm 2,746$ million (\$24,739 thousand), and a decrease of ± 546 million and a decrease of $\pm 6,860$ million, respectively.

In assessing the realizability of deferred tax assets, the Company's management considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. The Company's management considered the scheduled reversal of deferred tax liabilities, projected future taxable income and tax planning strategies in making this

assessment. Based upon the level of historical taxable income and projections for future taxable income over the periods in which the deferred tax assets are deductible, the Company's management believes it is more likely than not that the Company will realize the benefits of these deductible differences, net of the existing valuation allowance at March 31, 2021 and 2020.

Net deferred tax assets (liabilities) at March 31, 2021 and 2020 are reflected in the accompanying consolidated balance sheets under the following captions:

| | In millions of yen | | In thousands of U.S. dollars |
|--|--------------------|----------|------------------------------|
| | | March 31 | |
| | 2021 | 2020 | 2021 |
| Deferred income taxes (Other assets) Deferred income taxes | ¥19,334 | ¥25,769 | \$174,180 |
| (Long-term liabilities) | (13,470) | (13,132) | (121,351) |
| Net deferred tax assets (liabilities) | ¥ 5,864 | ¥12,637 | \$ 52,829 |

The Company has not recognized deferred tax liabilities for a portion of undistributed earnings of foreign subsidiaries of \$37,530 million (\$338,108 thousand) totaling \$660 million (\$5,946 thousand) at March 31, 2021 as they are not expected to be remitted in the foreseeable future.

At March 31, 2021, the operating loss carryforwards of domestic subsidiaries amounted to \$8,747 million (\$78,802 thousand) and are available for offsetting against future taxable earnings of such subsidiaries for up to ten years, as follows:

| Expires in the years ending March 31 | In millions of yen | In thousands of U.S. dollars |
|--------------------------------------|--------------------|------------------------------|
| 2022 | ¥ 743 | \$ 6,694 |
| 2023 | 1,251 | 11,270 |
| 2024 | 816 | 7,351 |
| 2025 | 1,238 | 11,153 |
| 2026 | 1,767 | 15,919 |
| 2027 | 781 | 7,036 |
| 2028 | _ | _ |
| 2029 | 187 | 1,685 |
| 2030 | 226 | 2,036 |
| 2031 | 1,738 | 15,658 |
| | ¥8,747 | \$78,802 |

The operating loss carryforwards of overseas subsidiaries at March 31, 2021 amounted to ¥5,963 million (\$53,721 thousand), a part of which will begin to expire in the year ending March 31, 2022.

The total amount of unrecognized tax benefits for the years ended March 31, 2021, 2020 and 2019 was insignificant. Also, there were no significant movements in the gross amounts of unrealized tax benefits and the amounts of interest and penalties recognized due to the unrecognized tax benefits during the years ended March 31, 2021, 2020 and 2019.

Although the Company believes its estimates of unrecognized tax benefits are reasonable, uncertainties regarding the final determination of income tax audit settlements and any related litigation could affect the total amount of unrecognized tax benefits in future periods. Based on the information available as of March 31, 2021, the Company does not expect significant changes to the unrecognized tax benefits within the next 12 months.

The Company files tax returns in Japan and various foreign jurisdictions. In Japan, the Company is no longer subject to regular income tax examinations by the tax authorities for years before 2012. In other foreign tax jurisdictions, major subsidiaries are no longer subject to income tax examinations by tax authorities for years before 2020, with some exceptions.

18. Shareholders' Equity

(1) Additional Paid-In Capital

The change in additional paid-in capital includes the effect of changes in the Company's ownership interest in its consolidated subsidiaries.

The net income attributable to SECOM CO., LTD. and transfers from (to) noncontrolling interests for the years ended March 31, 2021, 2020 and 2019 are as follows:

| | In mill | In thousands of U.S. dollars | |
|---------|-----------|--|----------------------------------|
| | Ye | Year ended March 31 | |
| 2021 | 2020 | 2019 | 2021 |

(2) Retained Earnings

The Japanese Companies Act provides that an amount equal to 10 percent of surplus distributed by the parent company and its Japanese subsidiaries be appropriated as a legal reserve until the aggregate amount of additional paid-in capital and legal reserve equals 25 percent of the common stock account.

The amount available for dividends under the Japanese Companies Act is based on the amount recorded in the parent company's non-consolidated statutory financial statements in accordance with Japanese GAAP. Such amount was ¥673,721 million (\$6,069,559 thousand) at March 31, 2021.

Subsequent to March 31, 2021, the parent company's Board of Directors declared a year-end cash dividend of ¥85 (\$0.77) per share, totaling ¥18,552 million (\$167,135 thousand), to shareholders of record on March 31, 2021. The dividend declared was approved at the general shareholders' meeting held on June 25, 2021. Dividends are recorded in the year they are declared.

The Company has made it a basic policy to distribute dividends twice a year, the interim dividend whose record date is September 30 each year and commenced from the year ended March 31, 2015, and the year-end dividend whose record date is March 31 each year. The interim dividend is determined by the Board of Directors and the year-end dividend is determined by the General Meeting of Shareholders.

Cash dividends per share are computed based on dividends paid for the year.

(3) Common Stock in Treasury

The Company may repurchase its common stock from the market pursuant to the Japanese Companies Act. There are certain restrictions on payment of dividends in connection with the treasury stock repurchased.

(4) Other Comprehensive Income (Loss)

Components of other comprehensive income (loss) for the years ended March 31, 2021, 2020 and 2019 are as follows:

| _ | | In mil | lions of yen |

19. Leases as lessee

The Company leases certain office space, employee residential facilities, equipment for armored car services and transportation equipment. Some leased buildings, and equipment for armored car services and transportation equipment are held under finance leases. Other leases are classified as operating leases.

A summary of leased assets under finance leases at March 31, 2021 and 2020 is as follows:

| | In millions of yen | | In thousands of U.S. dollars |
|---|--------------------|----------|------------------------------|
| | March 31 | | March 31 |
| | 2021 | 2020 | 2021 |
| Buildings and improvements Machinery, equipment | ¥11,013 | ¥ 9,546 | \$ 99,216 |

| Present value of net minimum | | |
| lease payments | ¥140,500 | \$1,265,766 |

The following is remaining lease term and discount rate under operating leases at March 31, 2021 and 2020:

| | March 31, 2021 | March 31, 2020 |
|---------------------------------------|----------------|----------------|
| Weighted-average remaining lease term | 190 months | 217 months |
| Weighted-average discount rate | 0.64% | 0.64% |

20. Leases as lessor

The Company's leasing operations consist principally of leasing of security merchandise, security systems and real estate for offices and medical institutions. Most of the security merchandise and security systems on lease are classified as sales-type leases or direct-financing leases. Other leases are classified as operating leases.

A summary of lease receivables under sales-type and directfinancing leases at March 31, 2021 and 2020 is as follows:

| | In mill | lions of yen | In thousands of U.S. dollars |
|---|-------------------------------|-------------------------------|-----------------------------------|
| | | March 31 | March 31 |
| | 2021 | 2020 | 2021 |

| | ¥60,764 | ¥52,457 | \$547,423 |

The future minimum rentals under noncancelable operating leases at March 31, 2021 are as follows:

| Years ending March 31 | In millions of yen | In thousands of U.S. dollars |
|------------------------------|--------------------|---------------------------------|
| 2022 | ¥2,608 | \$23,495 |
| 2023 | 421 | 3,793 |
| 2024 | 276 | 2,486 |
| 2025 | 186 | 1,676 |
| 2026 | 175 | 1,577 |
| Thereafter | 2,262 | 20,378 |
| Total future minimum rentals | ¥5,928 | \$53,405 |

21. Fair Value of Financial Instruments

The following methods and assumptions were used to estimate the fair value of financial instruments in cases for which it is practicable. The three levels of inputs used to measure fair value are more fully described in Note 22.

(1) Cash and Cash Equivalents; Time Deposits; Cash Deposits for armored car services; Notes and Accounts Receivable, Trade; Due from Subscribers; Short-Term Receivables; Bank Loans; Notes and Accounts Payable, Trade; Other Payables; Deposits Received; Accrued Income Taxes; and Accrued Payroll

The carrying amounts approximate fair value because of the short-term maturities of such instruments.

(2) Short-Term Investments: Investment Securities

The fair values of short-term investments and investment securities are principally based on quoted market prices.

(3) Long-Term Receivables Including Current Portion

Long-term receivables, including the current portion, are classified as Level 2 and fair value is estimated based on the present value of future cash flows through estimated maturity, discounted using estimated market discount rates.

(4) Long-Term Debt Including Current Portion

Long-term debt, including the current portion, is classified as Level 2 and fair value is estimated based on the present value of future cash flows of each instrument discounted using the Company's current incremental borrowing rates for similar liabilities.

(5) Investment Deposits by Policyholders

The fair values of investment deposits by policyholders are classified as Level 3 and estimated based on the present value of future cash flows, discounted using the interest rates currently being offered for similar contracts.

(6) Derivatives

The fair values of derivatives are estimated using current market pricing models by obtaining quotes from financial institutions.

The carrying amounts and estimated fair values of financial instruments, excluding, debt and equity securities, which are disclosed in Notes 2 (7) and 7, at March 31, 2021 and 2020 are as follows:

| | | | In m | illions of yen |
|---|--------------------|----------------------|--------------------|-------------------------|
| | | | | March 31 |
| | | 2021 | | 2020 |
| | Carrying amount | Estimated fair value | | Estimated fair value |

| by policyholders Derivatives: | 19,829 | 20,582 | 21,516 | 22,388 |
| Assets— Forward exchange contract (Other current assets) Liabilities— | _ | _ | _ | _ |
| Interest rate swaps (Other long-term liabilities) | 1 | 1 | 4 | 4 |
| | | <u> </u> | n thousands o | f U.S. dollars |
| | | _ | Ма | rch 31, 2021 |
| | | | Carrying amount | Estimated fair value |
| Non-derivatives: Assets— Long-term receivables inc portion (Less allowance f accounts) | or doubtful | | \$480,964 | \$483,910 |
| Long-term debt including portion | | | 621,161 | 621,144 |
| Investment deposits by policyholders Derivatives: | | | 178,640 | 185,423 |
| Assets— Forward exchange contrac (Other current assets) Liabilities— Interest rate swaps (Other | | | _ | _ |
| mitor out rate emape (etirer | | | | |

Limitation:

Fair value estimates are made at a specific point in time based on relevant market information and information about financial instruments. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and therefore cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

22. Fair Value Measurements

ASC 820, "Fair Value Measurements and Disclosures," defines fair value as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. This accounting standard establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value as follows:

- Level 1— Inputs are quoted prices in active markets for identical assets or liabilities.
- Level 2— Inputs are quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

 Level 3— Inputs are derived from valuation techniques in which
- Level 3— Inputs are derived from valuation techniques in which one or more significant inputs or value drivers are unobservable, which reflect the reporting entity's own assumptions about the assumptions that market participants would use in establishing a price.

The following table represents the Company's assets and liabilities that are measured at fair value on a recurring basis at March 31, 2021 and 2020. Transfers between levels are recognized at the end of the respective reporting periods.

| In millions of yen | | | | | | | | |

Cash Equivalents

All highly liquid investments with initial maturities of three months or less are considered to be cash equivalents, and principally valued using quoted prices for identical assets in markets that are not active.

Short-Term Investments and Investment Securities

Equity securities and debt securities classified as Level 1 assets are valued using unadjusted quoted market prices in active markets with sufficient volume and frequency of transactions.

Level 2 assets comprise principally debt securities, which are valued using quoted prices for similar assets in active markets, or quoted prices for identical or similar assets in markets that are not active.

Non-marketable securities classified as Level 3 assets are valued based on unobservable inputs as the market for the assets was not active at the measurement date. The fair value is determined by using a valuation technique, such as the discounted cash flow model, which best reflects the nature, characteristics and risks of each asset. These significant unobservable inputs contain discount rates, exit timing and an EBITDA multiple. An increase (decrease) in the discount rates, the later (earlier) exit and a decrease (increase) in the EBITDA multiple would result in a decrease (increase) in the fair value of non-marketable securities.

The Company's Level 3 investment securities that are measured at fair value on a recurring basis at March 31, 2021 and 2020, amounting to ¥12,126 million (\$109,243 thousand) and ¥10,366 million, respectively, are primarily private equity investments. The valuation technique and significant unobservable inputs are as follows:

| | | March 31, 2021 | | | |
|-----------------------|---|---|--|--|--|
| Valuation technique | Significant unobservable inputs | Range | | | |
| Discounted cash flows | Discount rate Exit timing EBITDA multiple | 4.75%-25% 2021-2025 (23.2)x-16.4x | | | |
| | | March 31, 2020 | | | |
| Valuation technique | Significant unobservable inputs | Range | | | |
| Discounted cash flows | Discount rate Exit timing EBITDA multiple | 15%-25% 2020-2024 (4.0)x-14.2x | | | |

Derivative Financial Investments

4

Derivative financial instruments comprise forward exchange contracts, interest rate swaps and others. These derivative instruments are valued using observable market data and classified as Level 2 liabilities.

The following table represents the changes in Level 3 assets measured on a recurring basis for the years ended March 31, 2021 and 2020.

| | | In mi | llions of yen | n thousands U.S. dolla | | |
|---|-------------------------|-------|---------------|---------------------------|---------|--|
| | Years ended March 31 | | | | | |
| | | 2021 | 2020 | | 2021 | |
| Balance at beginning of year | ¥10 | ,366 | ¥13,372 | \$ | 93,387 | |
| Total gains or losses (realized and unrealized): Included in earningsIncluded in other | | (396) | 93 | | (3,568) | |
| comprehensive income | | _ | _ | | _ | |
| Purchases | 2 | ,853 | 3,017 | | 25,703 | |
| Sales | | (26) | (5,941) | | (234) | |
| Redemptions | | _ | _ | | _ | |
| Cancellation of contract | | _ | _ | | _ | |
| Foreign currency translation adjustments | | (671) | (175) | | (6,045) | |
| Balance at end of year | ¥12 | ,126 | ¥10,366 | \$ | 109,243 | |
| Changes in unrealized gains or losses relating to instruments still held at end of year: Included in earnings | (¥ | 254) | (¥ 4,030) | (\$ | 2,306) | |
| micraded in carrilligs | (* | 230) | (+ +,000) | (4) | 2,300) | |

Total gains or losses (realized or unrealized) related to short-term investments and investment securities are primarily included in net sales and operating revenue or gain/loss on private equity investments, in the consolidated statements of income.

Assets and Liabilities Measured at Fair Value on a Nonrecurring Basis For the year ended March 31, 2021, non-marketable equity securities with a carrying amount of ¥13,307 million (\$119,883 thousand) were written down to their fair value of ¥13,099 million (\$118,009 thousand), resulting in an other-than-temporary impairment charge of ¥208 million (\$1,874 thousand), which was included in earnings. For the year ended March 31, 2020, non-marketable equity securities with a carrying amount of ¥12,004 million were written down to their fair value of ¥11,911 million, resulting in an other-than-temporary impairment charge of ¥93 million, which was included in earnings. All impaired non-marketable equity securities were classified as Level 3 assets as the Company uses unobservable inputs such as future cash flows to value these investments.

Long-lived assets (Note 11) and goodwill (Note 12) are also measured at fair value on a nonrecurring basis. All impaired long-lived assets and goodwill were classified as Level 3 assets as the Company uses unobservable inputs to value these assets. These Level 3 assets are not significant.

23. Derivative Financial Instruments

(1) Risk Management Policy

The Company utilizes derivative financial instruments in the normal course of business to reduce exposure to fluctuations in interest rates. The Company assesses interest rate risk by continually monitoring changes in the exposure and by evaluating hedging opportunities. The Company does not hold or issue derivative financial instruments for trading purposes. The Company is also exposed to credit-related losses in the event of non-perfomance by counterparties to derivative financial instruments, but it is not expected that any counterparties will fail to meet their obligations, because most of the counterparties are internationally recognized financial institutions and contracts are diversified amongst a number of major financial institutions.

(2) Risk Management

The Company has exposure to the market risk of changes in interest rates which relates primarily to its debt obligations. The Company principally enters into interest rate swap agreements to manage fluctuations in cash flows resulting from changes in interest rates. Interest rate swaps are used to change floating rates on debt obligations to fixed rates by entering into receive-floating, pay-fixed interest rate swaps under which the Company receives floating interest rate proceeds and makes fixed interest rate payments, thereby effectively creating fixed-rate debt.

(3) Cash Flow Hedges

The Company designates interest rate swap agreements as cash flow hedges for variability of cash flows originating from floating rate borrowings. The effective portion of changes in fair values of derivative instruments designated as cash flow hedges of these debt obligations are reported in other comprehensive income (loss). These amounts are reclassified into current income in the same period that hedged items affect current income. The ineffective portion of changes in fair values are reported in income immediately.

(4) Derivative Instruments Not Designated as Hedges

The Company enters into interest rate swap agreements to reduce exposure to fluctuations in interest rates relating primarily to debt obligations and other agreements. Changes in fair value of these derivative financial instruments, which are not designated as hedges, are reported in current income.

Fair values of derivative instruments reflected in the consolidated balance sheets as of March 31, 2021 and 2020 are as follows:

Derivatives not designated as hedging instruments

| | | In million | s of yen | In thousands of U.S. dollars |
|--|-----------------------------|------------|----------|------------------------------|
| | | М | arch 31 | March 31 |

| Forward exchange | | | | | |
| contract | Other income | ¥ — | ¥ — | ¥ — | \$ — |
| Interest rate swaps | Other income | 4 | 11 | 17 | 36 |

24. Commitments and Contingent Liabilities

The Company has commitments outstanding at March 31, 2021 for the purchase of property, plant and equipment of approximately ¥3,361 million (\$30,279 thousand).

The Company provides guarantees to third parties mainly with respect to bank loans extended to its affiliated companies and other entities. Such guarantees are provided to enhance the credit standing of the affiliated companies and other entities. For each guarantee provided, the Company would have to perform under the guarantee if the affiliated companies and other entities default on a payment within the guaranteed period of one to five years. The maximum amount of undiscounted payments the Company would have to make in the event of default amounts to ¥372 million (\$3,351 thousand) at March 31, 2021. The carrying amounts of the liabilities recognized as the Company's obligations under these guarantees at March 31, 2021 and 2020 were deemed insignificant.

It is not anticipated that damages, if any, resulting from legal actions will have a material impact on the Company's consolidated financial statements.

25. Revenue

(1) Disaggregation of revenue

Revenue from contracts with customers and other sources for the years ended March 31, 2021 and 2020 are as follows:

| | In | In thousands of U.S. dollars | |
|--|------------|------------------------------|------------------------|
| | | Year ended March 31 | Year ended March 31 |
| | 2021 | 2020 | 2021 |
| Revenue recognized from contracts with customers | ¥1,061,271 | ¥1,062,804 | \$ 9,561,000 |
| Revenue recognized from other sources | 74,068 | 69,828 | 667,279 |
| Total | ¥1,135,339 | ¥1,132,632 | \$10,228,279 |

The disaggregation of revenue by operating segments is described in Note 27

Revenue recognized from other sources primarily comprises revenue recognized from lease contracts and insurance contracts.

(2) Contract balances

Contract balances arising from contracts with customers at March 31, 2021 and 2020 are as follows:

| | In i | millions of yen | In thousands of U.S. dollars |
|------------------------|----------|-----------------|------------------------------|
| | | March 31 | |
| | 2021 | 2020 | 2021 |
| Receivables*1 | ¥183,826 | ¥195,208 | \$1,656,090 |
| Contract assets*2 | 31,063 | 34,516 | 279,847 |
| Contract liabilities*3 | 58,033 | 52,198 | 522,820 |

- *1 Receivables are included in notes and accounts receivable, trade, due from subscribers in the accompanying consolidated balance sheets. These amounts are before deducting allowance for doubtful accounts.
- *2 Contract assets are included in notes and accounts receivable, trade, in the accompanying consolidated balance sheets. These amounts are before deducting allowance for doubtful accounts.
- *3 Contract liabilities are included in deferred revenue, other current liabilities and long-term deferred revenue in the accompanying consolidated balance sheets.

Revenue recognized for the year ended March 31, 2021 that was included in the contract liability balance as of March 31, 2020 was \$39,688 million.

(3) Transaction price allocated to the remaining performance obligations

The aggregate amounts of transaction price allocated to unsatisfied performance obligations related to contracts that have original expected durations in excess of one year at March 31, 2021 and 2020 are as follows:

| | In i | In thousands of U.S. dollars | |
|-------------------|----------|------------------------------|-------------|
| | | March 31 | |
| | 2021 | 2020 | 2021 |
| Due within 1 year | ¥157,986 | ¥150,321 | \$1,423,297 |
| Due after 1 year | 220,557 | 208,004 | 1,987,000 |
| | ¥378,543 | ¥358,325 | \$3,410,297 |

26. Discontinued Operations

The Company accounted for the sale of certain businesses in accordance with ASC 205-20, "Discontinued Operations."

The Company sold certain businesses included in the real estate and other services segment, during the years ended March 31, 2021. The Company reported the operating results related to these operations as discontinued operations. Prior period figures have been restated.

Discontinued operations for the years ended March 31, 2021, 2020 and 2019 are as follows:

| | | In thousands of U.S. dollars | | |
|--|-------------------------|------------------------------|------------------|--------------------------|
| | Years ended March 31 | | | Year ended March 31 |
| | 2021 | 2020 | 2019 | 2021 |

28. Segment Information

The Company discloses financial and descriptive information about the Company's reportable operating segments. The operating segments reported below are the segments of the Company for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly by management in deciding how to allocate resources and assess performance.

The Company has seven reportable business segments: security services, fire protection services, medical services, insurance services, geospatial information services, BPO and ICT services, and real estate and other services.

Pasco Corporation, the principal company in the geographic information services, released "Pasco Group's Medium-Term Management Plan 2018–2022" on May 9, 2018, expressing its aim to become a comprehensive company in geospatial information industry pursuing a business model that capitalizes on positional information including various related events. Accordingly, the segment name was changed from geographic information services to geospatial information services from the year ended March 31, 2019. Reportable segments are not reclassified as a result of this change.

The security services segment provides various types of security services by utilizing the Company's unique security systems and manufacturing and selling security merchandise. The fire protection services seament provides various types of fire protection equipment. such as automatic fire alarm and fire extinguishing and other fire protection systems for office buildings, plants, tunnels, ships, residences and cultural monuments. The medical services segment provides intravenous solutions to patients at home, home-based nursing care services, medical data transmission services by utilizing the Company's network and leasing of real estate for medical institutions. In addition, the VIE, of which the Company is the primary beneficiary manage hospitals and health care-related institutions. The insurance services segment includes the non-life insurance-related underwriting business in the Japanese market. The geospatial information services segment includes surveying and measuring services and GIS services. The BPO and ICT services segment includes various BPO related services, data center services, business continuity plan support, information security services and cloud services. The real estate and other services segment includes development and sales of condominiums equipped with security and contingency planning features, leasing of real estate, construction and installation services and other services.

Corporate expenses consist principally of general and administrative expenses of the planning, personnel and administrative departments of the parent company and administrative departments of the foreign holding company.

Intersegment sales are priced on a basis intended to approximate amounts charged to unaffiliated customers.

Identifiable assets are those assets used exclusively in the operations of each segment or which are allocated when used jointly. Corporate assets, which are held by the parent company and the foreign holding company for general and administrative facilities, consist principally of cash and cash equivalents, short-term investments, investment securities, land, buildings and improvements, machinery, equipment and automobiles.

Information by business and geographic segments for the years ended and as of March 31, 2021, 2020 and 2019 is as follows:

| Total | | ¥785,258 | ¥785,277 | \$7,074,397 |

There are no individually material countries other than Japan with respect to net sales and operating revenue and long-lived assets.

29. Subsequent Events

Making a wholly owned subsidiary through Tender Offer and Share Exchange

(1) Purpose of Tender Offer and Share Exchange

The Company resolved by the meeting of its board of directors on May 28, 2021 to acquire the ordinary shares (the "Target Company Share") of SECOM JOSHINETSU CO., LTD. (listed on the Second Section of the Tokyo Stock Exchange, Inc., securities code 4342, hereinafter the "Target Company") by tender offer (the "Tender Offer") pursuant to the Financial Instruments and Exchange Act (Act No. 25 of 1948, as amended), since it intends to make the Target Company a wholly owned subsidiary. And the Company completed the Tender Offer from May 31, 2021 to July 9, 2021, and acquired Target Company Share as below. And the Company resolved by the meeting of its board of directors on August 6, 2021 to implement a share exchange (the "Share Exchange") in which the Company will become a wholly owning parent company in share exchange and Target Company will become a wholly owned subsidiary in share exchange and the companies executed a share exchange agreement (the "Share Exchange Agreement") pertaining to the Share Exchange between the companies. While the Company planned to carry out procedures to acquire all Target Company Share by executing the Share Exchange Agreement after completion of the Tender Offer in case it failed to acquire all Target Company Share, since the Company failed to acquire all Target Company Share, the Company and the Target Company decided to make the Target Company a wholly owned subsidiary of the Company by the Share Exchange.

(2) Overview of the Tender Offer

- Class of Share to be Purchased Ordinary share
- Tender Offer Period
 From May 31,2021 (Monday) to July 9, 2021 (Friday)
 (30 Business Days)
- 3. Purchase Price JPY 6,350 per ordinary share

(3) Result of the Tender Offer

- Outcome of the Tender Offer
 As the maximum and minimum numbers of shares to be purchased had not been set in the Tender Offer, the Company purchased all Tendered Shares.
- 2. Number of Purchased Shares 4,374,192 ordinary shares
- 3. Ownership Ratio of Shares due to Purchase 88.03%
- 4. Total Purchase Price JPY 27,776,119,200

(4) Summary of the Share Exchange

1. Schedule of the Share Exchange

| Date of Public Notice for Base Date of Extraordinary Shareholders Meeting (SECOM JOSHINETSU) | July 16, 2021 |
|--|-----------------------------------|
| Base Date of Extraordinary Shareholders Meeting (SECOM JOSHINETSU) | July 31, 2021 |
| Date of Board of Directors' resolution to enter into the Share Exchange Agreement (both companies) | August 6, 2021 |
| Date of Share Exchange Agreement (both companies) | August 6, 2021 |
| Date of Extraordinary Shareholders Meeting to Approve the Share Exchange (SECOM JOSHINETSU) | September 27, 2021 (tentative) |
| Last trading day (SECOM JOSHINETSU) | October 27, 2021 (tentative) |
| Delisting day (SECOM JOSHINETSU) | October 28, 2021 (tentative) |
| Effective date of the Share Exchange | November 1, 2021 (tentative) |
| | |

Note: Schedule above is subject to change by agreement of both companies.

2. Method of the Share Exchange

In the Share Exchange, the Company will become a wholly owning parent company in share exchange and the Target Company will become a wholly owned subsidiary in share exchange. The Share Exchange will be implemented with setting November 1, 2021 as the effective date of the Share Exchange, for the Company, without obtaining the approval by the shareholder meeting by way of the simplified share exchange as set forth in the main paragraph of Article 796, Paragraph 2 of the Companies Act and the Target Company will obtain the approval for execution of the Share Exchange Agreement in its extraordinary shareholder meeting to be held on September 27, 2021. The effective date of the Share Exchange is subject to change by agreement of both companies.

3. Allotment of shares in the Share Exchange

| | SECOM (wholly owning parent company in share exchange) | SECOM JOSHINETSU (wholly owned subsidiary in share exchange) | |
|--|---|---|--|
| Allotment ratio pertaining to the Share Exchange | 1 | 0.74 | |
| Number of shares allotted by the Share Exchange | Ordinary shares of SECOM: 1,139,286 shares (tentative) | | |

Note: The Company allots 0.74 ordinary shares per 1 Target Company Share. No shares will be allotted in the Share Exchange to Target Company Share (11,325,244 shares as of August, 6, 2021) that the Company owns on effective date of the Share Exchange.

(5) Basis of Valuation of the Share Exchange Ratio

After deliberate discussion and consideration with the Target Company based on the valuation report for share exchange ratio submitted by SMBC Nikko Securities Inc. as the financial advisor and the third party valuation organization being independent from the Company and the Target Company and based on advice from URYU & ITOGA as its legal advisor, SECOM made a decision that the Share Exchange would not hamper the interest of shareholders of the Company and the Target Company, thus leading to the conclusion that it is reasonable to implement the Share Exchange at the Share Exchange Ratio.

(6) Outline of the Target Company

| | Wholly owned subsidiary in share exchange |
|-----------------------------------|--|
| Name: | SECOM JOSHINETSU CO.,LTD. |
| Location: | 1-10, Shinkocho, Chuo-ku, Niigata |
| Name and title of representative: | Representative Director & President Mr. Yoshinori Yamanaka |
| Business: | Security business centering around online security system and other business |
| Capital: | JPY 3,530,020,000 |
| Date of incorporation: | May 25, 1967 |

Independent Auditors' Report

The Board of Directors and Shareholders SECOM CO., LTD.:

We have audited the accompanying consolidated financial statements of SECOM CO., LTD. and its subsidiaries, which comprise the consolidated balance sheets as of March 31, 2021 and 2020, and the related consolidated statements of income, comprehensive income, changes in equity, and cash flows for each of the years in the three-year period ended March 31, 2021, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of SECOM CO., LTD. and its subsidiaries as of March 31, 2021 and 2020 and the results of their operations and their cash flows for each of the years in the three-year period ended March 31, 2021, in accordance with U.S. generally accepted accounting principles.

Convenience Translations

KPMG AZSA LLC

The U.S. dollar amounts in the accompanying consolidated financial statements with respect to the year ended March 31, 2021 are presented solely for convenience. Our audit also included the translation of yen amounts into U.S. dollar amounts and, in our opinion, such translation has been made on the basis described in Note 3 to the consolidated financial statements.
