Security Services Providers in Malaysia and Singapore Join SECOM Group Boosting Our Security Services Business in Asian Market

Tokyo, Japan, October 23, 2020 - SECOM CO., LTD. (“SECOM”, headquartered in Shibuya-ku, Tokyo: President and Representative Director Ichiro Ozeki) has acquired all outstanding shares of two security services providers in Malaysia and Singapore, and made them SECOM’s subsidiaries.

Both two companies were subsidiaries of Johnson Controls International PLC (headquartered in Cork, Ireland), and they offer market-leading security systems mainly for residential properties and small and medium-sized businesses, as well as major organizations such as banks, government agencies and large companies in each country. These solutions provide individuals, families and businesses with security and peace of mind.

SECOM is operating its security services in 13 countries and territories, in addition to Japan, and providing advanced security services mainly for offices and other corporate facilities. These two transactions enable SECOM to expand its business into new potential markets including wealthy and middle-classes which are increasing in Asia.

The SECOM Group will maximize the synergy with the two companies to further expand its security service operations in the global market, to deliver safety and peace of mind, and to make life more comfortable and convenient.

< Overview of the new subsidiaries >

Name	Headquarters	Closing Date
ADT SERVICES (M) SDN. BHD	Kuala Lumpur	September 1, 2020
